

LIZOL TOTAL RNA EXTRACTION REAGENT

User Guide

Catalog Number	Pack Size
ZT-LIZ-100	100 ML

Content and Storage Condition

Content	Shipping Condition	Storage Condition
LIZOL TOTAL RNA EXTRACTION BUFFER	4 °C	4 °C

Description

SOFTEC LIZOL TOTAL RNA EXTRACTION BUFFER is a powerful and optimized buffer ready for direct use that lysis total RNA from bacteria, blood, cells, tissues, plant samples, viral samples and yeast samples, including lipid-rich and difficult samples.

Concentration

1X

Applications

Cloning

Northern Blotting

Nuclease Protection Assays

Real-Time Quantitative PCR (qPCR)

Reverse Transcriptase PCR (RT-PCR)

cDNA Library Construction

Warning

Do not preserve the product when the package is damaged.
